

- 
- Difficulties faced by Women in India in accessing services offered by Government and medical enterprises
  - Increase in health issues among women due to ignorance
  - Lack of awareness on the part of the Government pertaining to issues that need to addressed

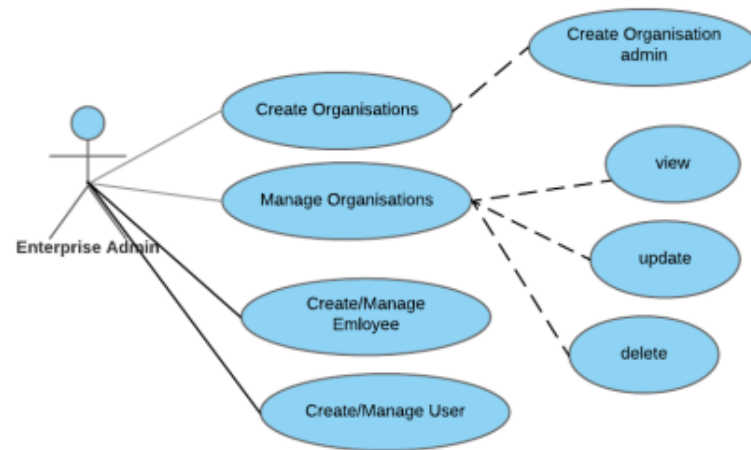

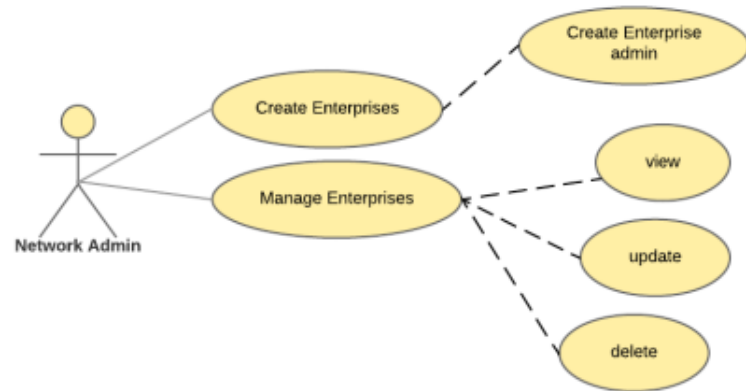

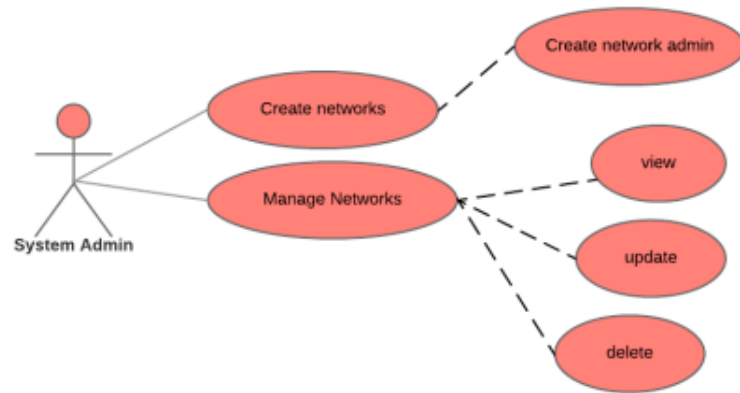

- 
- Providing women in India easy access to services offered by hospitals, pharmacies, insurances, Ministry of Health, NGOs
  - Offering free health and mental awareness sessions to women
  - Addressing grievances filed by women
  - Providing analytical data to help the Government make informed decisions for improving the welfare of the women
